Background

Wisconsin American Indian Health Project Grant funding designated through Wis. Stats.s.20.435 (1) (ke).

Generalized Funding Statement

\$106,896

Scope of Work Summary

Provide funds to 11 tribal nations and Great Lakes Inter-Tribal Council to assist in developing, testing or demonstrating solutions for specific American Indian Health problems. Activities may include, but not limited to, the following:

- Conduct health care needs assessments and studies related to American Indian health care issues
- Increasing access to prenatal care visits
- Implement strategies to prevent or reduce injury
- Increase access to dental screening for pre-school and elementary aged children
- Provide fluoride varnish for pre-school aged children
- Utilize evidence based strategies to promote mental health among youth
- Increase breastfeeding rates in the community
- Increasing the engagement of non-physician team members (e.g., nurses, pharmacists, patient navigators) in strategies to prevent prescription drug abuse
- Fund start-up costs of programs to deliver health care services to American Indians
-

Contract Period of Performance:

October 1, 2020 – September 30, 2021

Reporting Requirements	Due Date
